SUPERMARMO
GRIGIO VENATO BIANCO LUCIDO
GLOSSY GREY WHITE-VEINED
SUPERMARBLE

Il Supermarmo Bontempi Casa incontra la luce, se ne impossessa per poi donarla nuovamente all'ambiente in cui fa il suo impatto. Vene marcate e texture accentuate appaiono come vere divagazioni materiche, venature color latte che spaccano il cuore grigio della nuova finitura top. Il Supermarmo Grigio Venato Bianco lucido entra nella gamma finiture Bontempi Casa, facendosi spazio tra le realizzazioni high-quality e distinguendosi subito per le sue innate doti di raffinatezza, resistenza e bellezza estetica. Un nuovo décor sofisticato che oltre a diventare piano per i tavoli della collezione, non rinuncia a scegliersi complementi e accessori d'arredo come vetrina per esporre vanitosamente la propria allure signorile.

The Bontempi Casa SuperMarble meets the light, takes possession of it and then gives it back to the environment on which it makes its impact. Marked veins and accentuated textures appear as real material divagations, milky grains that break the grey heart of the new top finish. The Glossy Grey White-Veined SuperMarble joins the Bontempi Casa finishes collection, finding its space among high-quality achievements and immediately emerging for its innate qualities of refinement, strength and aesthetic beauty. A new sophisticated décor that, in addition to becoming a top for the table collection, does not give up choosing furnishing occasionals and accessories as showcase, in order to narcissistically attract attention on its noble allure.

MELAMINICO MATERICO MELAMINE

Materico, tangibile, vero.

Quattro nuove nuance per un look ancora più real.

Il nuovo melaminico materico porta la bellezza naturale del legno e del cemento sui piani Bontempi Casa.

Texture intense, corporee, natural touch, riproducono perfettamente le caratteristiche della materia prima, per un effetto naturale e autentico sia al tatto che alla vista.

Materic, tangible, authentic. Four new nuances for an even more real look. The new earthy melamine brings wood and concrete natural beauty on the Bontempi Casa table tops. The intense and corporeal textures, with a natural touch sensation, perfectly reproduce the raw material characteristics, for a genuine and authentic effect, both to the touch and to the eye.

TOM
R&D Bontempi

Small, medium, large, extra-large. La semplicità del design cela la magia della funzionalità al suo interno. Tom è il tavolo trasformista che ottimizza l'uso dello spazio. Grazie ad un sistema di allunga a tre moduli, si estende a seconda delle esigenze, fino a superare i tre metri di lunghezza. Il fascino è nella praticità, l'incantesimo nella trasformazione, la meraviglia nella possibilità di condividere i propri spazi, anche i più piccoli, con le persone care.

Small, medium, large, extra-large. The simplicity of its design conceals a functionality charm. Tom is a quick-change artist, a table capable of optimizing the use of space. Thanks to a three-extensions system, it can be extended according to the needs, up to more than three meters. Fascination is practicality, magic is transformation, wonder is the chance of sharing our space, even the smallest one, with the loved ones.

GALAXY

Archirivolto

Non è utopia. Non è distante anni luce.
Galaxy è presente e futuro che si mescolano in un disegno dalla grafica accattivante. Le molecole del polimero che la compongono prima scorrono tra le sue fibre e poi si materializzano in un insolito decoro.
Il carattere brioso e camaleontico di Galaxy si propaga attraverso le vibrazioni del suo colore donandole un'anima diversa a seconda della tonalità moda di cui si tinge: bianco, sabbia, grigio chiaro, giallo senape, caramello, azzurro polvere, antracite o nero. Una sedia realizzabile con o senza braccioli, con pad opzionale, per utilizzo indoor o outdoor, residential o contract. Pensare di essere unici nella nostra galassia è molto improbabile, ma per Galaxy non è affatto una sfida impossibile.

It is not utopia. It is not light years away. Galaxy is present and future that combine in an attractive graphic design. The polymer molecules of which it is made of, first flow through its fibres and then materialize into an unusual decoration. Galaxy's lively and chameleon-like character spreads through its colour vibrations, giving it a different soul according to the trendy hue chosen: white, sand, light grey, mustard yellow, caramel, powder blue, anthracite or black. A chair that can be made with or without armrests, with optional pad, for indoor or outdoor use, for residential or contract use. To be unique in our galaxy is very unlikely, but for Galaxy it is not an impossible challenge at all.
