***Localizzazione assoluta.
Una scelta controcorrente nel segno dell'unicità.***

L'Italia per noi non è solo un luogo di produzione ma va ben oltre: è il modo di pensare e di vivere che abbiamo abbracciato nel progettare, interpretare e innovare l'idea di arredamento fin dal 1987. Non solo Made in Italy quindi ma una perfetta sinergia tra maestria artigianale, creatività e tecnologia che rendono il nostro modo di lavorare il valore aggiunto in ogni nostra creazione.

***Absolute localization
A different choice
to be unique.***

Italy does not just define a place of production, but goes beyond: for us, it indicates a way of thinking and living, that we embraced in designing and innovating the idea of furniture since 1987. Not just Made in Italy, but a perfect synergy between hand - craft modeling, creativity and technology, that makes our working method the added value in each product.

***Arti e mestieri 4.0.
L'artigianato industriale come elemento distintivo.***

Se capacità industriale e tecnologie avanzate sono la nostra forza, la maestria nel fare è la nostra anima, ciò che davvero ci distingue. Il saper fare rappresenta il cuore della nostra azienda: grazie ad esso tutti i nostri progetti prendono vitalità e slancio, a partire da una vocazione artigiana che viene ininterrottamente coltivata e perfezionata.

***Crafts & arts 4.0.
The industrial
craftmanship
as a distinctive
element.***

If industrial capacity and advanced technology are our strength, the know-how skill is our soul, what really sets us apart. The know-how is the heart of our company: thanks to it all our projects take vitality and outburst, from a handcrafted vocation that is continuously cultivated and perfected.

***High quality solutions.
La perfetta corrispondenza tra aspettativa e risultato.***

Nelle nostre collezioni ricerchiamo continuamente la trasversalità, la possibilità di una soluzione totale alle esigenze dello spazio pubblico e privato. Esploriamo tutte le declinazioni possibili per risolvere con coerenza il vostro progetto d'arredo. Ogni collezione Midj si trasforma grazie a materiali e colori innovativi e continuamente testati.

***High quality solutions
The perfect match
between expectation
and result.***

In our collections we constantly search versatility and the chance to find a complete solution both for public and private spaces. We look for all possible solutions to solve your furniture project. Each Midj's collection is shaped with brand new materials and colours, that are always tested.

Il **Cuoio Toscano** non teme di mostrare i segni lasciati dal tempo che lo rendono un prodotto unico. È un materiale ricavato dalla pelle di animali che hanno subito un processo denominato "concia al vegetale" con tannini naturali e con l'ausilio di prodotti biologicamente compatibili sia per la tintura in botte che per la rifinitura.

Eventuali imperfezioni, segni, cicatrici, macchie della superficie del Cuoio Toscano sono una naturale caratteristica dello stesso che ne garantisce l'originalità.

Tuscan Hide does not fear to get aged since the oldest it gets the more unique it becomes.

It is a material deriving from animal's leather which suffer a process called "vegetable tanning" with natural tannins and with the help of some products biologically compatible whether for the dyeing or for the finishing.

Any possible imperfection, sign, scar, stain of the Tuscan hide surface are a natural characteristics which guarantees its originality.
